

Practice Set – Solution

The supplied Practice Set PDF contains the heading “Practice Questions” but does not contain any actual questions in its extracted content. Therefore, there are no specific practice questions to solve without inventing questions that were not supplied.

Reference: the uploaded practice set shows “Practice Questions” and then proceeds to the Week 4 Capstone Project. The Week 4 tasks are solved in the accompanying Week_4_Solution.xlsx, Week_4_Solution.py, Week_4_Solution.ipynb and Week_4_Final_Report.pdf.
